**Importance:** High

Hi Everyone,

Here's the final BDCP desk statement based on the comments received last week:

The U.S. EPA is reviewing the draft Environmental Impact Statement for the Bay Delta Conservation Plan and will provide comments to the lead federal agencies (U.S. Fish and Wildlife, National Oceanic and Atmospheric Administration's National Marine Fisheries Service, and U.S. Bureau of Reclamation) by the end of the review period.

If you receive any inquires on this topic, please pass them along to me. Thank you very much for your input drafting this statement.

- David
